

I Made a New Password

I made a new password
That no one could guess.
It's long and confusing
And truly a mess.

It has random letters
and numbers galore,
with dozens of symbols
and spaces and more.

My password is perfect,
completely secure,
and no one will break it;
of that I am sure.

It's flawless and foolproof.
I don't have a doubt.
But, whoops! I forgot it
and now I'm locked out.
